Outlook:

(by Aran Smith for NBADraft.net in 2006)

Excellent rebounder who hits the glass hard ... His bread and butter will be defensively. Good feet, extremely long arms, quick hands. Effective thief, and has good timing for blocked shots off the ball and on smaller perimeter players Has the versatility to guard on the perimeter and in the post: His great foot speed gives him the quickness to defend quick forwards and guards, and his wiry strength and long arms give him the ability to defend inside ... Lacks any real range on his shot ... Very sloppy.
